Safety data sheet

Revision: 06-04-2020 Replaces: 04-06-2010 Version: 02.00/EU_UK

SECTION 1: Identification of the substance/mixture and of the company/undertaking 1.1. Product identifier Trade name: 16286 High-grade Lubricant

1.2. Relevant identified uses of the substance or mixture and uses advised against Recommended uses: Lubricant

1.3. C	Details of the supplier of the safety data sheet
Distributor:	ActionSportGames A/S Bjergvangen 1
	3060 Espergaerde
	Denmark
Tel:	+45 89281888
Fax:	+45 49193160
Email:	sales@actionsportgames.com

1.4. Emergency telephone number +45 89281888

SECTION 2: Hazards identification 1.1. Classification of the substance or mixture

DPD-classification (Directive 1999/45/EC):

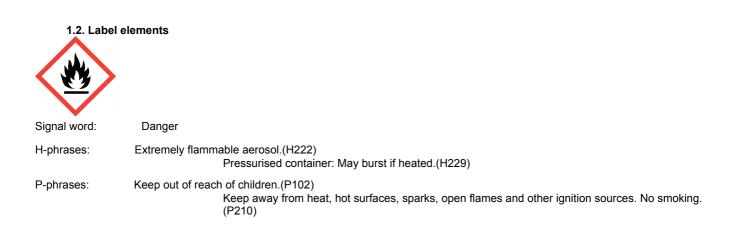

CLP-classification (Regulation (EC) No 1272/2008):

F+a;R12A

Aerosol 1;H222 Aerosol 1; H229

Please see section 16 for the full text of R-phrases and H-phrases.

Most serious harmful effects: Extremely flammable aerosol. Pressurised container: May burst if heated.

Signal word:	Dan	ger		
H-phrases:	Extre	mely flammable aerosol.(H222) Pressurised container:	May burst if heated.(H229)	
P-phrases:	Кеер	out of reach of children.(P102) Keep away from heat, (P210)	hot surfaces, sparks, open flames and other ignit	on sources. No smoking.
		Do not pierce or burn,	en flame or other ignition source.(P211) even after use.(P251) Do no expose to temperatures exceeding 50 °C/1	22°F.(P410/412)
1.3. Ot	her hazards		ine PBT and vPvB has not been made.	
SECTION 3: 3.2. Mixtures	•	n/information on ingredients		
Registration number	CAS/ EC No.	Substance	DSD-classification (Directive 67/548/EEC)/ CLP-classification (Regulation (EC) No 1272/2008)	w/w% Note
	106-97-8	Butane (containing < 0,1 % butadiene	Fx;R12	20-50 .
	203-448-7	(203-450-8))	Flam. Gas 1;H220 Press. Gas liq. gas;H280	
•	74-98-6 200-827-9	Propane	Fx;R12	5-20 .
	200-827-9 67762-53-2	Synthetics oils	Flam. Gas 1;H220 Press. Gas liq. gas;H280 Flam Liq. Xn;R65 ; H280	40-60
	267-022-2			- 0-00

Please see section 16 for the full text of R-phrases and H-phrases.

SECTION 4: First aid measures

3.1. [Description of first aid	measures
Inhalation:	Seek fresh air. Se	eek medical advice in case of persistent discomfort.
Ingestion:	Wash out mouth t	thoroughly and drink 1-2 glasses of water in small sips. Seek medical advice in case of persistent discomfort.
Skin:	Remove contaminated	clothing. Wash skin with soap and water. Seek medical advice in case of persistent discomfort.
Eyes	Flush with water (prefe	erably using eye wash equipment) until irritation subsides. Seek medical advice if symptoms persist.
Burns:	Flush with water unti	I pain ceases. Remove clothing that is not stuck to the skin – seek medical advice/transport to hospital. If possible, continue flushing until medical attention is obtained.
Other inform	ation: When obt	taining medical advice, show the safety data sheet or label.
		ns and effects, both acute and delayed Inhalation of spray mist may cause irritation to the upper airways. iate medical attention and special treatment needed Treat symptoms. No special immediate treatment required.
	Firefighting measures Extinguishing media	
Suitable exti	nguishing media	Extinguish with powder, foam, carbon dioxide or water mist. Use water or water mist to cool non-ignited stock.
Unsuitable e	xtinguishing media	Do not use water stream, as it may spread the fire.

4.2. Special hazards arising from the substance or mixture

Heating will cause a rise in pressure in packaging with a risk of bursting. CAUTION! Aerosol containers may explode.

4.3. Advice for firefighters

Move containers from danger area if it can be done without risk. Avoid inhalation of vapour and flue gases - seek fresh air.

SECTION 6: Accidental release measures

16286 High-grade Lubricant

5.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel:

Stay upwind/keep distance from source. Provide adequate ventilation. Smoking and naked flames prohibited. In case of insufficient ventilation, wear respiratory protective equipment. Wear gloves. Wear safety goggles.

SECTION 6: Accidental release n	16286 High-grade Lubricant
	, protective equipment and emergency procedures
For non-emergency personnel:	Stay upwind/keep distance from source. Provide adequate ventilation. Smoking and naked flames prohibited. In case of insufficient ventilation, wear respiratory protective equipment. Wear gloves. Wear safety goggles.
For emergency responders:	In addition to the above: Normal protective clothing equivalent to EN 469 is recommended.
5.2. Environmental precaut	ions Avoid unnecessary release to the environment.
5.3. Methods and material f	For containment and cleaning up Wipe up drops and splashes with a cloth.
5.4. Reference to other sec	
SECTION 7: Handling and storag 6.1. Precautions for safe h	
Work under effective process ventila Wash hands before breaks, before	ation (e.g. local exhaust ventilation). Running water and eye wash equipment must be available. using restroom facilities, and at the end of work. Smoking and naked flames prohibited.
6.2. Conditions for safe sto	rage, including any incompatibilities Store safely, out of reach of children and away from food, animal feeding stuffs, medicines, etc. Pressurized container: Protect from sunlight and do not expose to temperatures exceeding 50°C.
6.3. Specific end use(s)	
	None.
SECTION 8: Exposure controls/p 7.1. Control parameters	ersonal protection
Legal basis: Commission E	Directive 2000/39/EC. Last amended by Commission Directive 2009/161/EU.
7.2. Exposure controls	Contains no substances subject to reporting requirements.
Appropriate engineering controls:	Wear the personal protective equipment specified below.
Personal protective equipment, eye	/face protection:
Personal protective equipment, skir	n protection:
Personal protective equipment, res	piratory protection:
	sk of eye splash. Eye protection must conform to EN 166. Wear gloves. Type of material: Nitrile
rubber. Gloves must conform to EN In case of insufficient ventilation, we the following standards: EN 136/14	ear respiratory protective equipment. Filter type: A. Respiratory protection must conform to one of
Environmental exposure controls:	Ensure compliance with local regulations for emissions.
SECTION 9: Physical and chemic 8.1. Information on basic	cal properties physical and chemical properties
State: Aerosol	
Colour: Colourless Odour: Characteristic	
Odour: Characteristic Odour threshold: No data	
pH (solution for use): No data	ata
pH (concentrate): No data	
Melting point/freezing point:	No data
Initial boiling point and boiling range	e:

No data2 / 6

Flash point: < 0 °C Evaporation rate: No data Flammability (solid, gas): No data Menting point/freezing point. No data

Initial boiling point and boiling range:

No data2 / 6

Flash point:	<	0 °C			
Evaporation r	ate:	N	o data		
Flammability	(solid,	gas):		No	data
Upper/lower	flamma	bility	limits:	No	data
Upper/lower e	explosive	limits	5:	No	data
Upper/lower e Vapour press	•		s: o data	No	data
	ure:	N		No	data

Solubility: No data

Partition coefficient n-octanol/water:

No data

Auto-ignition temperature:		No data
Decomposition temperature:		No data
Viscosity:	No data	
Explosive properties:		No data
Oxidising properties:		No data

8.2. Other information

None.

SECTION 10: Stability and reactivity 9.1. Reactivity

9.2. Chemical stability

Reacts with the following: Strong oxidisers.

The product is stable when used in accordance with the supplier's directions.

9.3. Possibility of hazardous reactions

None known.

9.4. Conditions to avoid

9.5. Incompatible materials

Avoid heating and contact with ignition sources. Avoid direct sunlight. Avoid temperatures > 50 $^{\circ}$ C.

Strong oxidisers.

9.6. Hazardous decomposition products

None known.

SECTION 11: Toxicological information 11.1. Information on toxicological effects

Acute toxicity - oral: Spray mist in mouth may irritate mucous membranes in mouth and throat. The product does not have to be classified. Test data are not available.

Acute toxicity - dermal:	The product does not have to be classified. Test data are not available. Acute
toxicity - inhalation:	The product does not have to be classified. Test data are not available. Skin
corrosion/irritation:	The product does not have to be classified. Test data are not available. Serious
eye damage/eye irritation:	The product does not have to be classified. Test data are not available.

Respiratory sensitisation or skin sensitisation:

16286 High-grade Lubricant

The product does not have to be classified. Test data are not available.

Germ cell mutagenicity: The product does not have to be classified. Test data are not available.

16286 High-grade Lubricant
